VI SEE A CONNECTED WORLD

MARINE LADDERS

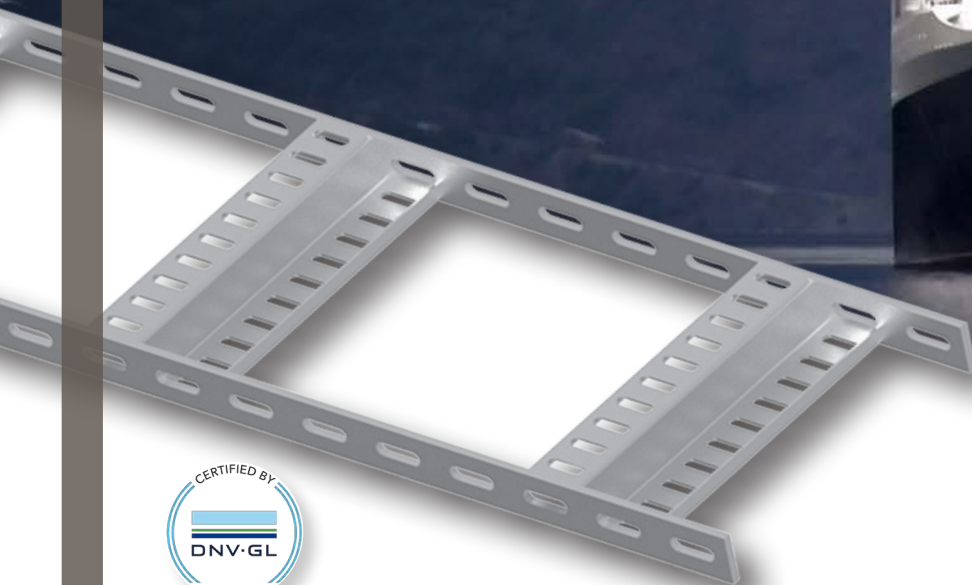

TABLE OF CONTENT

This product catalogue contains technical information about our wide range of marine ladders.

In combination with our wide range of marine cables, we are the preferred partner for many companies in the industry.

We deliver daily for small as well as large projects within newbuildings as well as for renovation / updating of ships, drilling platforms or port projects.

If you are searching for information about wire mesh trays, cable trays and cable ladders and related accessories, please refer to our additional product catalogues.

MARINE LADDERS

Marine ladder - single step (H: 30 mm, L: 3000 m)
Material thickness: 5 mm

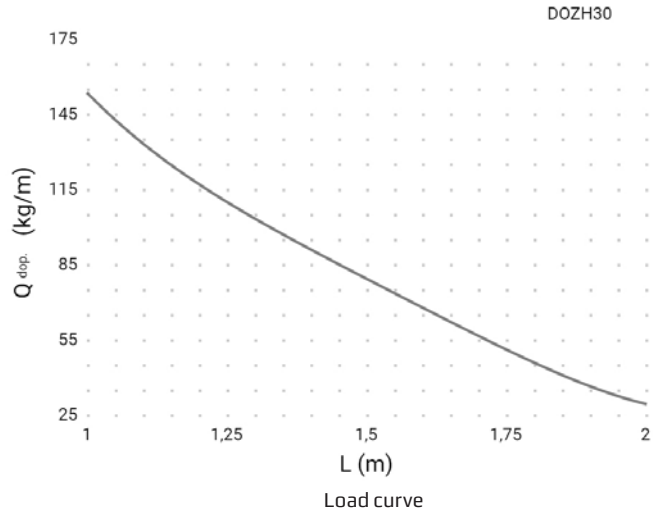

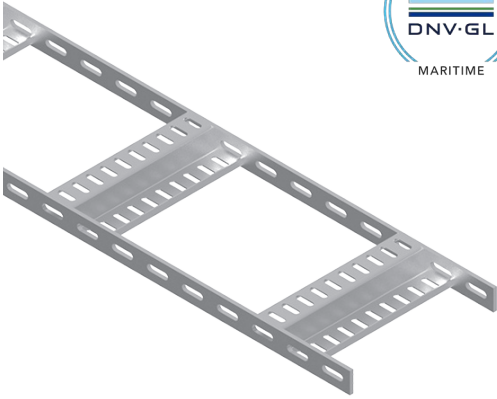

SKU	Product	Material	Width mm	Weight kg / m
Hot-dip galvanized, coating thickness 45-55 µm. Corrosion class C1 - C4				
0723130100	100x30x5 mm marine ladder single	HDG	110	2,70
0723130200	200x30x5 mm marine ladder single	HDG	210	3,05
0723130300	300x30x5 mm marine ladder single	HDG	310	3,41
0723130400	400x30x5 mm marine ladder single	HDG	410	4,55
Stainless steel A4 can be delivered on request				

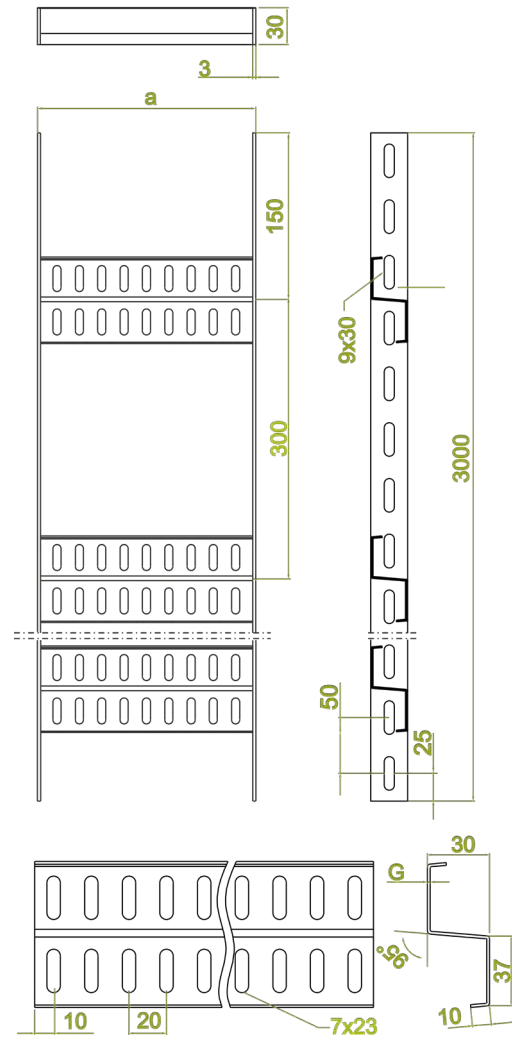

All dimensions are stated in mm.

MARINE LADDERS

Marine ladder - Z-step (H: 30 mm, L: 3000 mm)
Material thickness: 3 mm

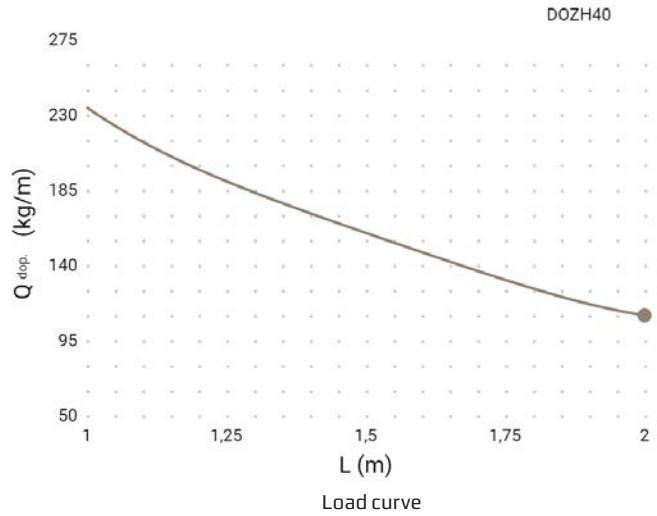

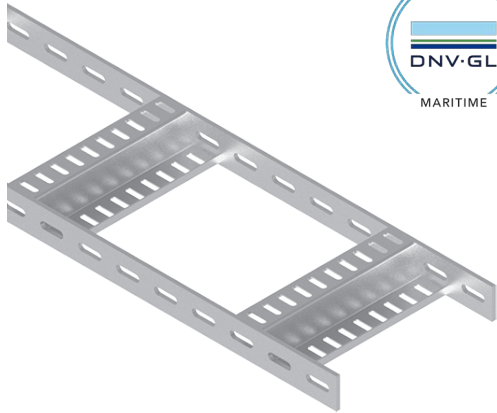

SKU	Product	Material	Width mm	Weight kg / m
Hot-dip galvanized, coating thickness 45-55 µm. Corrosion class C1 - C4				
0723230100	100x30x3 mm marine ladder Z	HDG	106	1,68

SOME SEE JUST A CABLE

VI SEE DELIVERIES THROUGH FIRE AND WATER

"The particularly stringent requirements made of products used in the marine and off-shore industries confirm that the market requires products of high quality paired with the wish for technical and professional sparring. In this aspect, Scankab is able to make an important contribution and ensure that the right products are available."

” Morten Rasmussen,
CEO, Scankab

Scankab set out as the cable industry's answer to "garage rock"

From the outset in 1992, Scankab was the rebel of the cable industry. The business sold cables from a small garage store room and challenged the cable market. Today, it is still part of the company's DNA to set new standards for the industry.

Scankab develops, manufactures and supplies quality cables and cable management to electrical contractors, industry, marine & offshore, infrastructure and energy. The range includes more than 3500 stocked cable types. Scankab has its head office and warehouse in Aarup in Funen and its subsidiaries in Norway and Sweden.
